**\$48.00**

Ideal for most popular heavy-duty trucks.

Rubber cushion pivots in the bracket, allowing +/- 5 degrees of driveline angularity.

Reduced risk of premature bearing wear due to misalignment.

Unique design protects the bearing against contamination without the use of external deflectors.

Backward compatible with previous Meritor and current competitive designs.

**MERITOR SHOCK  
ABSORBERS**  
FROM **\$55.75**

Improved durability using cold formed eye-ring end mounts. Designed to match the ride quality of the original shock absorbers by using a hydraulic rebound stop where required to prevent suspensions overextending. Built with OE quality components to ensure excellent performance throughout the life of the shock.

## ISUZU B SERIES MTS INDUSTRIAL POWER UNITS FROM \$16,704.00

The Isuzu 4BG1 and 6BG1 engine models were fundamental in building Isuzu's brand reputation, Reliability is Everything. This legendary power and reliability is now available for industrial applications from 89 horsepower to 163 horsepower.

Isuzu MTS power units are ready to work in a variety of applications from pumping water to hydraulic drives. The list of MTS standard features means you can rely on MTS Power Units to get to work from day one. A variety of optional drive accessories are also available to assist in getting the power you need when you need it.

All Isuzu MTS power units are fitted standard with the following components:

- Cooling package rated to 45 degree ambient
- Air cleaner assembly with hood and service indicator

- Residential grade exhaust system
- Skid mount
- Full electrics
- Electronic engine protection system
- Throttle control

Isuzu MTS Industrial Power Units also available in the following ranges:  
C Series: 9.5KW [13HP] to 29.1KW [39HP]  
L Series: 35.9KW [48HP] to 45KW [60HP]
